INDIANA UTILITY  
REGULATORY COMMISSION

You are hereby notified that on this date the Indiana Utility Regulatory Commission has caused the following entry to be made:

On April 21, 2004, Petitioner Wabash Valley Power Association, Inc. filed with the Commission its "Motion for Modification of Procedural Schedule," which appears in the following words and figures, to-wit:

[H.I.]

In its Motion, Petitioner indicates that it has pending before the Commission in Cause No. 42557 a request for approval to pay off all of its outstanding RUS debt. If this request is granted and Petitioner's RUS debt is paid off in its entirety, FERC will take jurisdiction of regulation of Petitioner's rates and charges, thereby making this Cause moot. Wherefore, Petitioner requests that the scheduled hearing date of April 22, 2004 be continued to the month of September and that the prefiling deadlines be adjusted accordingly.

Upon reviewing Petitioner's Motion, the presiding officers find that the April 22, 2004 hearing should be continued indefinitely. The presiding officers further direct Petitioner to file a notice, on or before August 20, 2004, indicating whether this Cause has become moot and should be dismissed, or if instead a new procedural schedule should be established.

**IT IS SO ORDERED.**
